

TALYST

“WITH TALYST’S
340B EXPERT
SOLUTIONS, WE
ARE SAVING AN
ADDITIONAL
\$2 MILLION IN
THE FIRST YEAR.”

Philip Almeter
*Director of Pharmacy Operations
and Business Development
University of Kentucky*

The University of Kentucky Medical Center is a nationally recognized health system with 140 outreach clinics and programs throughout Central and Eastern Kentucky. UK Medical Center has been a Talyst customer for five years. With AutoSplit® Fully Managed, they’ve seen significant cost reductions that helped fund the health system’s pharmacy automation. In addition, UK Medical Center has implemented AutoPharm® Enterprise and AutoVault®.

Talyst is the leader in 340B splitting software. We understand a pharmacy’s need to optimize the value of the 340B program to improve patient care. With increasing complexity and the need for audit compliance, it’s critical to have the right solution. Talyst offers a variety of 340B expert solutions: AutoSplit® 340B Software, AutoSplit® Fully Managed, AutoSplit® Contract Pharmacy, and 340B Compliance Services. For over 10 years, Talyst has supported over 400 health systems with their AutoSplit 340B solutions.
