SecurColor. The smarter way to print pharmacy labels.

Epson's SecurColor® prints color-enhanced pharmacy labels without the expense and hassle of pre-printed labels. It is an ideal solution for retail and compounding pharmacies for printing crisp, clear color labels of variable length, including warning information, barcodes, text and graphics. And the labels are alcohol and water proof when printed on qualified media. It also complies with USP 797 standards for sterile preparations. Best of all it features the quality and reliability that Epson is known for.
