

A culture based  
on **Quality.**

**Solutions**  
based on pharmacists.

### Fagron quality commitment

- Three point quality assurance on all products: Vendor qualification, incoming raw materials and finished good testing
- APIs are exclusively sourced from FDA registered suppliers
- Rigorous on site audits of API manufacturers
- Test requirements and relevant manufacturing information is provided on all Certificates of Analysis for transparency

With Fagron, you can always be confident you are receiving the highest quality and fully tested compounding essentials.
