## Your one source solution for all things 340B

With increasing complexity and demand for audit preparedness, it's more important than ever to have **the right solution...and the right partner** for your Covered Entity. Since 2002, Verity Solutions has helped Covered Entities address their 340B program needs - all while maintaining an exemplary HRSA-compliant audit record.

We're ready to provide your organization with industry leading solutions that take advantage of every savings opportunity while maintaining compliance and audit readiness.

We're your experts in  
**340B** program compliance
