▼ INNOVATION IN SECURE DRUG DELIVERY

For 50 years IMI has manufactured innovative devices that help protect the delivery of drugs within the healthcare system. Pharmacists rely on Prep-Lock™ Tamper Evident Caps for ease of installation while clinicians appreciate the simplicity of removal for drug administration.

Prep-Lock Tamper Evident Caps for I.V. Syringes are the industry standard for guarding compounded sterile preparations from unauthorized access, diversion and misuse. IMI offers a variety of products that protect drug delivery including I.V., Oral and Enteral devices.
