

IGNITE TRANSFORMATION

in pharmacy practice

Swisslog Healthcare and Talyst solutions change the way you work – transforming your pharmacy operations.

- Streamlining your workflows to improve efficiency
- Empowering pharmacy through advanced health system data analytics
- Advancing your ability to deliver quality care and enhanced patient safety
- And improving patient outcomes with fully integrated automation

Our unmatched portfolio of inpatient pharmacy, transport automation and mobile robotic solutions transition your focus from dispensing to patient care.

Swisslog Healthcare—working together to transform pharmacy practice so you can deliver your best performance.
