

Innovative healthcare delivery for your remote patients.

Twenty-first century pharmacies are employing technology and innovative business models to better serve their patients and neighbors who reside in geographically remote regions of their communities.

For these pioneers, our cutting edge **TelePharmacy** quality standards provide a blueprint to help them set up remote prescription dispensing locations, and successfully demonstrate outstanding healthcare delivery practices.

Our operations-based **Exemplary Provider**[®] Community Pharmacy Accreditation process is Medicare-approved for DMEPOS,* and can be further customized to include tracks for Patient-Centered Pharmacy Home,[™] Long-term Care, Infusion, Compounding, Specialty Drug, and Retail Clinic.
