We originally started with our innovative Medi-Dose® and TampAlerT® unit dose packaging systems. But we've greatly expanded our line to now include a wide range of medication administration, preparation and dispensing accessories.

Priced low and ready to go! We stock and ship promptly, keeping your costs low – with the kind of service you'll appreciate. From one item shipped overnight to one million items delivered around the world, **EPS** is big enough to supply your needs and small enough to do it right.

Contact us to order or for samples and information.

EPS®, INC.
