

Consumer Take-Back made Simple!

From start...

...to finish.

Get the whole picture.

It's no secret that your patients have prescriptions that need to be destroyed. Bring your customers back to your pharmacy with a compliant and environmentally responsible solution for prescription drug disposal. RxTakeBack® makes it easy to run your own drug take-back program and stand out in your community as a leader in responsible drug disposal.

RxTakeBack® provides your staff with complete support and regulatory guidance. Plus, we offer the materials you need to retain customers and drive new traffic to your location. This simple solution to prescription drug disposal is cost-effective and differentiates your pharmacy with a community service that the public is demanding.

Drive traffic to your pharmacy, stand out in your community, and be the solution for proper and safe drug disposal.
