

Introducing the New & Improved CPCSI

A Comprehensive Business Support Solution

The benefits of a CPCSI membership go far beyond audit and billing assistance. Our team of experts continually analyze the market and provide ongoing live support to keep your pharmacy up to date with the latest industry trends. The compounding industry is rapidly changing, and the CPCSI Team members are available to guide you in this evolving industry.

How can CPCSI help my pharmacy?

- Gain practical guidance as it relates to compounded preparations
- Learn how to review and understand the third-party manuals and contracts as well as how to properly respond to audits
- Expand knowledge of diversifying your practice to capitalize on new markets
- Provide updates to help your pharmacy be compliant with the latest regulations
- Ongoing clinical support

What does the CPCSI training course entail?

- A day and a half training course that covers various aspects of third-party manuals, legal & regulatory updates, clinical information, and business development support
- 365 days of complimentary consulting and audit assistance as well as real time updates on industry trends and changes
- CPCSI Advantage Member - 5% off the products you purchase through Freedom (not valid with other discounts or special pricing) and 15% Fagron Academy discount
