

The World's Most Advanced
Wiper Technology

Video Demo

Cleaning Performance You Can Be **SURE** Of

SUPERIOR CLEANLINESS

CapSure® wipers release **80% fewer** airborne particles than competitive wipers.

EFFECTIVE

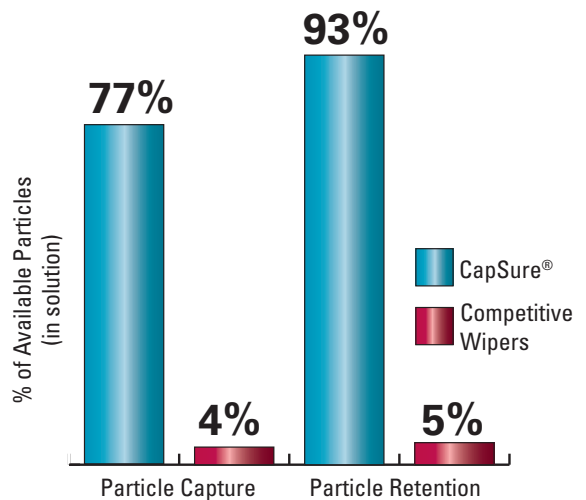

CapSure® wipers capture **42x** more particles than competitive wipers

ASSURANCE

CapSure® wipers retain **93%** of contaminant particles, reducing the risk for recontamination.

CapSure® Patent #8,431,497, features an innovative process that enables wipers to capture and retain more contaminant particles. This technology results in superior surface cleaning required for LAFWs, BSCs, CAIs, and CACIs. Lot to lot traceability supporting audit compliance.
