

# The value of working together

This isn't just automation, it's an ongoing relationship that ensures our partner pharmacies are thriving and efficient in every stage of business.  
***Customer Care is everything to DOSIS.***

Regardless of your style of pharmacy operation or which pharmacy management software you use, ***we will customize a seamless system to match your needs using the flexibility of our technology.***

Our pharmacies see up to ***80% of their blister card volume automated by DOSIS Systems, whether those pharmacies produce 5,000 or 250,000 cards per month.***

DOSIS Systems ***strives to understand what works best in YOUR pharmacy FIRST*** and then customizing a solution specifically for that need.

DOSIS Systems has proven results from hundreds of pharmacies across the country ***improving workflow efficiencies, increasing output production and proving to be the more profitable solution!***
