## Discover cost savings today!

DOSIS U60 is helping Long Term Care pharmacies meet all their unit dose dispensing needs both daily, cyclefill, or first-dose prescriptions. Dispensing cards at a fraction of your current cost while reducing significant labor.

Ask about how a DOSIS U60 robot can:

- Lower your cost per dose
- Meet delivery times
- Remove chaos
- Cut hours of operation

As your pharmacy changes, DOSIS will adapt with your operation. The U60 provides tangible savings for pharmacies with patients across a wide variety of operating styles. DOSIS automation always provides you tangible savings
