

# Spotlight on Vitamin D

Current research indicates an increased need for supplementing Vitamin D. Our leading edge delivery system results in immediate absorption.

## For Children

Supports healthy bone and teeth development\*  
Promotes cellular development and function\*

## For Adults

Promotes healthy metabolism\*  
Supports stable mood during changing seasons\*

## And most importantly...For All Ages

Vitamin D provides powerful immune system support, beneficial during health challenges throughout the year!\*

## MicroLingual® delivery is key for those seeking efficient absorption

Superior Source MicroLingual® tablets bypass the inefficient digestion process. Absorbed under the tongue, MicroLingual® Vitamin D heads directly into the body. Formed with proprietary Low Pressure Hydro-molecular (LPH) technology, the soft-molded tablet contains far fewer non-nutritive fillers or non-active ingredients. Only Continental Vitamin Company, the manufacturer of Superior Source products, provides a true MicroLingual® Instant Release soft-molded tablet for immediate delivery of vitamin D.

## Buy One—Get One FREE
