## **CPOE not working for your Pharmacists?**

Holon's Pharmacy Workflow Manager works with CPOE and:

- Allows Pharmacies to share work
- Creates a consistent and unified work environment
- Integrates Computerized Physician Order Entry (CPOE) into the Pharmacy workflow
- Manages all pharmacy orders in a single solution
- Manages non-order communications in the same system
- Automatically sends the work to the right place at the right time
- Consumes few IT resources
