

# NEW CAPSUBLEND™ Excipients

Encapsulation **made easy**

Conceptual Breakthrough

MEDISCA's customized, ready-to-use formulations for poorly soluble, highly soluble, or hygroscopic drugs act as the perfect fillers for immediate-release capsules.

## BENEFITS

- **ENHANCED DRUG DISSOLUTION**  
Demonstrated performance for different drug categories
- **IMPROVED CHEMICAL STABILITY**  
Potency of compounded capsules is within allowable USP limits
- **INCREASED EFFICIENCY**  
No need for excipient selection or blend preparation
- **REDUCED STATIC OF ACTIVES**  
Results in improved final powdered blend flowability
- **LACTOSE-FREE**
