Company Background

Tempest Med, a wholly owned subsidiary of Amerinet, Inc., is a healthcare solutions organization dedicated to the non-acute, alternate site marketplace. Years of experience in the long-term care (LTC) industry enable us to understand the unique needs and the ever-changing environment in which our members work daily. Our focus is to provide independent pharmacies with the products, tools and services to help their businesses flourish.

Our goal is to provide a total solution, from minimizing costs to maximizing profitability and enabling the provision of enhanced quality of care. We strive to understand our members' challenges, to meet their needs and to stay ahead of market changes so that our members can focus on their primary responsibility of providing quality care at an affordable price.

Our Mission

To be the definitive source of market-leading alternate site healthcare solutions and resources, ensuring improved operational quality and financial performance for each member.

Our Vision

To utilize our depth and breadth of experience in the healthcare industry to bring individualized, best practice healthcare solutions and exceptional customer support to the alternate site marketplace.

Tempest Med Can Improve Your Profitability Through:

■ Revenue Optimization Services Powered by Veridikal

Veridikal's clients experience an average return on investment of 5 to 1 in enhanced revenue. Benefits include:

- Increased net revenue and cash flow
- Improved formulary management
- Improved operational workflow
- Comprehensive reporting

■ A Comprehensive Portfolio of Contracts and Services

To ensure customer satisfaction, Tempest Med offers a comprehensive contract portfolio specifically negotiated to meet the needs of the alternate site marketplace. Our contract portfolio includes branded and generic pharmaceutical manufacturers, wholesalers and other suppliers of non-pharmaceutical products and services. Benefits include:

- Flexibility
- Incentive programs
- Price accuracy
- Reporting

■ Pharmacy Network

Tempest Med's Medicare Part D network was developed to help eligible pharmacies receive higher reimbursement for their Medicare Part D patients without having to obtain their own contracts. The network:

- Assists long-term care pharmacies in earning higher reimbursement for providing additional services to long-term care patients
- Offers contracts with LTC rates for plans across the country, including major national plans
- Helps with management of Pharmacy Benefit Management (PBM) participation agreements
