## Company Background

Tempest Med, a wholly-owned subsidiary of Amerinet, Inc., is a healthcare solutions organization dedicated to the non-acute, alternate site marketplace with a particular focus on closed-door pharmacies serving long-term care, home infusion, hospice, behavioral health and correctional facilities.

Tempest Med members have access to benefits our competitors can't match:

- Complete revenue optimization solutions to maximize reimbursement and enhance profitability.
- The most comprehensive pharmacy and non-pharmacy portfolio of contracts, services and tools in the industry.
- A no membership fee pharmacy network offering insurance contracts with prescription drug plans and pharmacy benefit management providers.
- No forced membership term or purchase commitment.

## Our Mission

To be the definitive source of market-leading alternate site healthcare solutions and resources, ensuring improved operational quality and financial performance for each member.

## Our Vision

To utilize our depth and breadth of experience in the healthcare industry to bring individualized, best practice healthcare solutions and exceptional customer support to the alternate site marketplace.

## Tempest Med Can Improve Your Profitability Through

### ■ Revenue Optimization Services

Tempest Med's revenue optimization solutions ensure that your pharmacy captures all revenues you are owed. Benefits include:

- Maximized reimbursement and profit margins through customized pre and post claim edits using 300+ business rules.
- Decreased switch fees through pre-adjudication claim screening.
- Only four point reconciliation in market, ensuring third party claims are transmitted correctly, reimbursed appropriately and on time, down to the deposit confirmation.
- Real time reporting and dashboards.
- Price accuracy assurance through Accuprice, a web-based tool and service that reviews and resolves pricing variances on a daily basis.

### ■ A Comprehensive Portfolio of Contracts and Services

To ensure customer satisfaction, Tempest Med offers a comprehensive contract portfolio specifically negotiated to meet the needs of the alternate site marketplace. We offer you:

- A complete pharmacy portfolio including branded and generic pharmaceutical manufacturers.
- The broadest portfolio of competitive non-pharmacy offerings which cover nearly every aspect of your spend.

### ■ Pharmacy Services Administration Organization (PSAO):

Tempest Med's Medicare Part D network was developed to help eligible pharmacies receive higher reimbursement for their Medicare Part-D patients without having to obtain their own contracts. The network:

- Negotiates dispensing fees and reimbursement rates better than most pharmacies can obtain directly.
- Assists members with self-contracting needs.
- Helps with management of Pharmacy Benefit Management (PBM) participation agreements.
