## Company Background

TSYS® (NYSE: TSS) is a leading global payments provider, offering seamless, secure and innovative solutions across the payments spectrum – for issuers, merchants, and consumers. We succeed because we put people and their needs at the heart of every decision to help them unlock payment opportunities. It's an approach we call People-Centered Payments®.

Our headquarters are located in Columbus, GA, U.S.A., with approximately 12,000 team members and local offices across 13 countries. TSYS generated revenue of \$4.9 billion in 2017, while processing more than 27.8 billion transactions. We are a member of The Civic 50 and were named one of the 2018 World's Most Ethical Companies by *Ethisphere* magazine. TSYS is a member of the S&P 500 and routinely posts all important information on its website. For more, visit [www.tsys.com](http://www.tsys.com).

## Product Overview

The Genius® Family: Payment solutions that work for your business.

As a payment technology that integrates processing, acceptance, and customer experience into one cloud-based platform, Genius® provides a world-class checkout for any business. Through tokenization and point-to-point encryption, this technology keeps cardholder data off the POS and ensures your systems are secure.

With lightning-fast chip card transactions, customer engagement features and the ability to accept any payment type – your customers pay how they want, where they want and are immediately on their way! Whether you need a countertop or mobile solution, Genius has you covered.

## Features & Options

- Integrated with the industry's leading POS providers in retail pharmacy.
- Accepts all payment types, including: FSA/HSA flex cards, partial FSA pay, EMV/chip cards, and mobile payments.
- Easy FSA claims for pharmacy customers. Pair Genius with an IIAS certified POS system and customers won't need to retain their receipts.
- Allows FSA partial authorizations. Cut down on declines and boost customer satisfaction when you allow customers to use a card balance less than the transaction amount.
- Reduce cost with digital signature capture. Capture signatures for any purpose: HIPAA, RX regulatory requirements, prescriptions, and more.
- Take payments everywhere. Mobile solution Genius Handheld supports use cases like drive-thru pharmacies, meds to beds, and prescription delivery.
- Keep your data more secure. Cayan offers P2PE 2.0-Certified and validated Genius devices.
- Seamless customizable agreements. The Genius platform can easily support customizable agreements on the same customer-facing screen used for payments.
