Company Background

With over 25 years of experience, MEDISCA has developed a solid reputation as an innovative and entrepreneurial company in the pharmaceutical compounding industry. MEDISCA is a leading FDA-registered supplier of quality pharmacy compounding products and offers excellent service to North American, Australian, and other international markets. MEDISCA's commitment to quality has been recognized with ISO 9001:2015 and ISO 13485:2016 certifications from TUV. We are dedicated to providing our clients with the highest quality compounding products, such as active pharmaceutical ingredients (APIs), fine chemicals, bases, equipment and devices, capsules, oils, flavors, colors, and compounding kits. Through its global partners, LP3 Network and MEDISCA Network, MEDISCA is committed to being a complete resource in personalized medicine by offering educational trainings, products, and support.

Product Overview

MD Dispensers is a brand that is built on elegance, accuracy and versatility. Over the last three years, MEDISCA has expanded and diversified the MD Dispensers portfolio to cater to the needs of different niche markets such as HRT, pain, dermatology, and more.

- First of its kind, diverse airless dispensing portfolio with the convenient UV-resistant view window.
- Portfolio has expanded from 30 to 115 dispenser combinations, based on customer feedback.
- Used by over 50,000 patients worldwide.

Pumps, pens, syringes, jars, and foamers are available in various sizes and accurate dosage options so pharmacists can best meet their patients' needs.

Features & Benefits

The portfolio of MD Dispensers is engineered for accuracy with a medical structure, yet conveys a cosmetic appeal. The MD Dispensers will maintain the integrity of a formulation, while allowing patients to easily and accurately dose medications.

- **NEW:** Colors to facilitate medication identification.
- **NEW:** MD Foamers and shampoo dispensers for hair care applications.
- **NEW:** MD Minis' compact size is ideal for travelers and allows for discreet application of the topical preparations.

Testimonial

"MD Dispensers provide an ease-of-use solution for applications. A see-through indicator also helps patients know when their medication is low so it can be ordered at the pharmacy without a break in treatment. MD Dispensers are the only device that topical preparations should be dispensed in."

— Ron Yochim, Compounding Pharmacy
Manager, Cook's Pharmacy,
Wellesley, ON, Canada
