## Company Background

### 40+ YEARS OF EXPERIENCE and STILL EXPLORING!

Made in America for over 45 years, Uniweb's philosophy has centered on building relationships to help customers identify their needs and arrive at cost-effective, viable solutions. Their expertise derives from partnering with pharmacy personnel, designers and architects, store planners, and other fixture manufacturers, creating an optimal knowledge base that customers can depend on. They enjoy a challenge!

Their design and manufacturing capabilities go beyond the retail pharmacy doors. Whether it is new construction, relocation or a renovation, Uniweb offers a complete line of fixture solutions and dedicated designers to guide you through the process. They provide products for institutional applications, retail needs, offices and workstations, and extended care facilities. Their progressive culture allows them to create and build long-lasting, cost-effective, and flexible displays — delivering more than just shelving. They maintain an ISO 9001 certification, committed to providing the highest quality and service to exceed all requirements. Let them help you improve your service flow, increase productivity, maintain pharmacy security, and add new technology, while bringing the operation in on budget with unmatched products and support.

## Product Overview

### STRENGTH and ARTISTRY

After becoming a premier fixture supplier in the retail market, Uniweb became pioneers and leaders in the development of shelving in the pharmacy fixture sector. The RX System 2000, the Modular Pharmacy, and the Counter Wall are all designed to provide efficient work areas for pharmacists and their teams. Uniweb RX systems hold more products, which equates to 35% more product storage in the same footprint over conventional systems, and more profit to the bottom line! They also provide products for institutional applications, consultation and exam spaces, retail needs, offices and workstations, and extended care facilities.

Knowing the essence of aesthetics to you and your customers in your retail and pharmacy spaces, Uniweb constructs productivity enhancing products and reliable support services that help clients work

efficiently, while creating and beautifying space. They manufacture all-steel pharmacy systems, softened with unlimited choices of millwork décor and fabric panels.

## Features & Options: A Myriad of Possibilities

An infinite number of design possibilities are available: custom metal finishes, trim strips, décor panels, laminates, wood and wood veneers, dry wall facings, decorative metals, glass, tile, awnings, special lighting, signage, and many others. Add these custom design features to Uniweb's interchangeable components and accessories, and you receive endless options to complete or restyle your project.

## Additional Product Modules

### ■ The Newest Addition to the Modular Line: Consultation Rooms

These fixtures will provide dedicated private spaces for you to help your clients get answers to their medical concerns, receive inoculations, and process transactions. The rooms adapt to fit the current layout. Design and equip the peripheral space needs for maximum utility at an affordable price! These areas can be built to size, texture and color specifications, lock style choice, and with privacy glass door or solid surface door. Other multifunctional retail uses can be office management, cash rooms or other meeting needs where security and privacy are vital. Room sizes, style, and configurations are virtually unlimited!

### ■ Elevate Your Workflow, Without Spilling Your Coffee

Smooth powered transition from sitting to standing positions and everything in between with Uniweb's adjustable desks and workstations. Five preset height settings that adjusts from 28" to 42" at the touch of a button. The backsplash options have an extensive selection of workflow accessories available and are designed to your color specification. Available with or without a back splash. Go ahead. Push the button! Stand up and stretch!

## Additional Product Lines

### ■ Flex Workstations and Counters

Simple and versatile! Uniweb's Flex Check-Out systems offer boundless configurations. As your needs change, simply rearrange or provide a single new component without having to reorder the entire counter run. The unit can be equipped with shelves, cabinets, countertops, electrical hookups, windows, and locking doors — whatever fulfills your requirements. Built to size and color specifications and with metal or enhanced laminate exterior.
