Excellence in Print Manufacturing and Pharmacy Supplies Distribution

Company Background

Pharmacy Automation Supplies (PAS) has been using manufacturing capabilities to support pharmacies for over 100 years. We began as a small local print manufacturer addressing the label and bag needs of a few regional pharmacies. As a result of our dedication to competitive pricing, reputation for quality, consistent industry leading turnaround times, and focus on adapting to the constantly changing needs of all the dynamic segments of pharmacy (Retail, LTC, Hospital, Specialty, Central Fill, Institutional, Nuclear, and many more) we have grown to be one of the largest and most relied upon suppliers in the country.

PAS's state of the art manufacturing and distribution facilities feature 20 high speed flexographic printing presses, PVC blister thermoforming machines, an in-house art and graphics department, plate manufacturing, and over 30,000 square feet of warehouse space devoted to addressing the needs of pharmacies. By leveraging our warehousing, distribution and shipping capabilities PAS has been able to expand beyond just manufacturing and is now also recognized for price leadership on Lexmark Toners, Pharmacy Vials from Centor (formerly Rexam), thermal transfer ribbons, and strip/pouch packaging supplies.

Jones Healthcare, headquartered in London, Ontario (Canada), is a proud industry leader known for over 130 years of innovating products designed to optimize the quality of patient care both in the Canadian market and internationally. From vials and compliance cards to state-of-the-art medical and medication carts, Jones provides simple solutions in the otherwise complex world of medication, dispensing and delivery products for pharmacy, hospitals and long-term care facilities.

Together Pharmacy Automation Supplies and Jones Healthcare bring to the US market the experience, tradition of innovation and family of products that have solidified Jones as the standard against which others are measured. When you choose PAS as your source for packaging you know your patients' health is in good hands.

Ordering Information

To order, request samples, or get additional information about Pharmacy Automation Supplies' full line of products (including compliance packaging) call one of our dedicated pharmacy support specialists today at (800) 798-1401 or visit us online at: www.pharmacyautomationsupplies.com

Featured Products Overview

■ FlexRX

Unprecedented flexibility for pharmacists and patients.

- Measures 8 1/4" (Left to Right) x 7 3/4" (Top to Bottom) x 1" (Deep) when assembled.
- Perforated blister makes time passes detachable for portability.
- Medication information is printed on each individual time pass.
- Cardboard cover provides rigidity to protect integrity and allows for pharmacy branding.
- Large rounded blister easily accommodates multiple medications.

■ Qube

High-capacity card and blister specifically designed for multi-med therapies.

- Measures 6 1/2" (Left to Right) x 10" (Top to Bottom) x 1" (Deep) when assembled.
- Extra-large capacity blister holds multiple medications.
- Easy to fill and check.
- Larger morning and night blisters accommodate prescribing demands.
- Extra space for large pharmacy labels.

■ Qube Mini

Medium-sized card and blister provides multi-med therapies for patients desiring a small card.

- Measures 6" (Left to Right) x 8 1/8" (Top to Bottom) x 1" (Deep) when assembled.
- Large capacity blister still easily holds multiple medications per pass.
- Easy to fill and check.
- Larger morning and night blisters accommodate prescribing demands.

■ Unit-Dose Blister Cards

The cornerstone of LTC and Institutional pharmacies.

- Measures 6" (Left to Right) x 9" (Top to Bottom).
- Available in 30/31/32/60/90 count.
- Choice of multiple blister sizes.
- Heat and Cold Seal styles are both available.
- Standard size is compatible with most existing carts and automation.

■ Laser & Direct Thermal Labels

A wide variety of labels to support compliance packaging.

- Thousands of formats available.
- Industry leading pricing.
- Custom and Stock options available.
