## Company Background

Over 30 years in the industry, PRS Pharmacy Services, with its NASI affiliate, has grown to be nationally recognized as the “go to” company for retail pharmacies seeking help with a variety of complex and time consuming issues. PRS currently offers the most widely used compliance programs for HIPAA, DMEPOS Accreditation, state-specific Pharmacy Policy & Procedures Manuals and Quality Assurance Programs, plus our new Medicare Audit Survival Guide. The PRS educational programs, such as Residential Care, for those entering the long term care market, and the PRS Ownership Program, for those buying or opening a new pharmacy, are endorsed by every major pharmacy organization, including Federation of Pharmacy Networks (FPN). The professional staff at PRS, has extensive expertise in every area of the pharmacy business. They are committed to defining and refining important PRS programs to assist retail pharmacy owners in achieving and maintaining success.

## Product Overview

The PRS Medicare Audit Survival Guide is an invaluable tool to accredited and non-accredited pharmacies to help prevent Medicare clawbacks of your hard earned revenue.

Medicare Audits and clawbacks are on the rise and they are recouping billions of dollars from Medicare providers and suppliers.

Findings from these audits are that 80% of glucose testing supplies and nearly 70% of nebulizers and nebulizer solutions claims were denied.
