Company Background

PioneerRx has a passion for being the best, and we can't be the best unless our customers are the best. Collaborating with innovative leaders in community pharmacy, PioneerRx delivers weekly, cutting-edge improvements that are designed to provide speed, simplicity, consistency, and flexibility. The ultimate goal is to help pharmacies make more money and have more fun. Leading the industry in first-to-market innovations, PioneerRx Pharmacy Software has become one of the most successful and frequently talked about pharmacy systems in the United States.

Product Overview

PioneerRx is backed by a family-owned company that has been passionate about independent pharmacy since 1841. In 2015, we averaged 12 new updates every week. Most of those updates are inspired by you! Our pharmacists play a large role in our weekly innovation. With our integrated Rx Syncing and easy search features, you can efficiently improve your patients' health and adherence, which also enables you to better participate in your patients' wellness.

Features & Options

Our pharmacy software has features you are going to love!

■ Patient Health, Adherence, and Medication Therapy Management

Tracking and coordinating your patient's medications in your pharmacy software is even easier with built-in features on adherence, patient risk, MTM, and Med Sync.

■ Rapid Data Entry and Enhanced Workflow

Who knew saving time could be so easy! With all the speed features PioneerRx can offer, you are sure to cut your time spent behind the computer.

■ Financial Intelligence

Making more money is always more fun. See how these PioneerRx features will take your pharmacy to the next level.

■ Advanced Inventory

Inventory shouldn't be hard, and with these integrated features, pharmacies find it easier than ever to manage.

■ Conversion

Don't let this part of the transition scare you, we do it every week.

■ Reporting

Through PioneerRx's customizable reporting features, you are in control of your data and the way you want to see it.

■ Point of Sale

A truly integrated POS allows you the ease and convenience of accessing your pharmacy information system when you need to most.

■ General

With features like our delivery management module and robot automation, PioneerRx will enhance your pharmacy's workflow.

■ Security and Support

Our dedicated support team of pharmacy techs are here to ensure your pharmacy is supported throughout the day.

■ Mobile Apps

Ever thought, "There must be an app for that?" Check out how PioneerRx is able to make your life easier with our integrated apps already within the pharmacy system.

■ Facility/LTC

We know how tricky facilities can be. Let PioneerRx show you how to customize your facilities the way they want to be.

■ Compounding

No need for third-party software. With PioneerRx you can compound fully within your pharmacy information system!

■ Central Office

Don't worry about trying to be at two places at once. Access your data, no matter what store you are at, with PioneerRx Central Office.
