rxshelving.com
 a division of Surplus Equipment Company

Company Background

RxShelving.com is a division of Surplus Equipment Company; a leading distributor of Lozier Store and Pharmacy Fixtures. We created RxShelving.com to provide an easy-to-use, one-stop-shop for all your retail and pharmacy fixture needs. Our website features Lozier Classic Rx Shelving, Flex Rx Shelving, Lozier Pharmacy Cabinets, Gondola Shelving, and Merchandising Systems. As a stocking distributor of Monaco Prescription Hang Bags, we keep a full-line of bags and accessories in stock for fast shipping. We also offer discounted prices on narcotic cabinets, med carts, backroom shelving, bins, and lockers.

Be sure to visit our website for everything you need to set up your retail store or pharmacy! Most people like the self-serve nature of our website, however, if you prefer a personal contact or need help with layout and design, just give us a call.

Product Overview

■ Quality Product – Quality Service

What a great time to be an independent pharmacy! Brick and mortar stores are making a comeback and you can count on RxShelving.com to be there every step of the way. Lozier is our preferred partner for quality store and pharmacy fixtures. They have been the favorite among retailers for over 60 years. Lozier shelving is based on standard components that withstand the test of time. Our shelves and accessories can be used on Lozier fixtures that you bought 40 years ago or last month. Other manufacturers change designs forcing you to upgrade everything. We will work with you to incorporate your existing fixtures into your new design so you only replace what you need. We think you will like our approach, it's good for you, it's good for us, and it's good for the environment!

Additional Product Lines

■ Flex Rx Shelving

The Flex Rx Pharmacy System features open backs, shelves that adjust on 1" centers and down slant 17° for easy access to product on higher shelves.

■ Classic Rx Shelving

The Classic Rx Shelving units feature a two piece modular design with closed backs and sides.

■ Store Fixtures

Lozier store fixtures and merchandising systems are built around standard units that easily adjust to meet your changing needs. We offer a complete line of island sections, wall sections, end caps, and accessories. Lozier Shelves are offered in two position (TL) and multi-position (DL) styles. Shelves have double rows of perforations on 1" centers at the front and rear edges to accommodate vertical dividers, binning, and product retainers.

■ Pharmacy Cabinets

The Lozier Undercounter System offers a wide variety of units that can be adapted to fit your individual needs. Choose from narcotics cabinets, bottle dispenser units, open and closed storage cabinets, and more!

■ Bins

We are pleased to represent Quantum Storage products. We offer a wide selection of dividable bins and drawers that are ideal for storing patient supplies, medication, and small parts.

■ FireKing RX3641 Pharmacy Safe

The dual doors provide added capacity and separate access control – providing two secure areas in one enclosure. The RX3641 safe is equipped with 12 pull out sliding drawers with horizontal and vertical dividers to organize narcotic storage.

Ordering Information

We are always happy to help with layout and design. Just provide us with a rough sketch of your location including room dimensions and locations of doors and windows, as well as any obstructions (columns, etc.). We will create a suggested layout drawn to scale and send it back with a quote. You can fax your sketch to (314) 534-0583 or email it to patti@rxshelving.com.
