Company Background

Freedom Pharmaceuticals specializes in the custom wholesale distribution of premium compounding chemicals — active pharmaceutical ingredients (APIs), excipients, and pre-made bases — to independent compounding pharmacies throughout the United States. Since founded in 2010, our goals have remained the same: Supply your compounding pharmacy with the highest quality chemicals available and give your staff the personalized customer service you deserve. Built on the belief that customer service and quality chemicals are paramount, Freedom Pharmaceuticals is committed to meeting the ever-changing demands of independent compounding pharmacies and their patients.

Service Overview

We know a successful business relies not only on quality product, but also in full business support. That is why we are continually updating our offerings to better assist your practice and keep you on the forefront of this dynamic industry. Now supporting your pharmacy with:

- Easily accessible webinars, assisting your pharmacy with product selection, common compounding challenges, and formula suggestions that will help you meet your patients' specific needs.
- Introducing the newly designed CPCSI membership with updated curriculum for 2016. From ongoing clinical support to expanding your knowledge of diversifying your practice, CPCSI offers a comprehensive business support system.
- FACTS: A subscription-based professional service providing live consulting support, online formulation database, technical resources, formulation research and development, and many other related resources.

Product Overview

Freedom Pharmaceuticals has established a strong reputation for offering pharmacies high-quality chemicals and innovative bases, backed by the best possible pharmaceutical ordering and service experience for our customers. Some of our popular products include:

- **Freedom Polymatrix Powder:** A state-of-the-art dry powder, advantageous for compounding prescriptions for patients needing effective wound care.

- **Freedom Derma Serum:** Light-weight, non-greasy fluid vehicle contains a complex of soothing humectants, antioxidants, and rich botanicals, ideal for dermatological preparations.
- **Lipopen Anhydrous:** A non-aqueous penetrating vehicle that is a convenient option when compounding with APIs that are poorly stable in water.

CPCSI Consulting — A Division of Freedom Pharmaceuticals

The benefits of a CPCSI membership go far beyond audit and billing assistance. Our consultants continually analyze the market and provide ongoing live support to keep your pharmacy up-to-date with the latest trends. The compounding industry is rapidly changing, and our consultants are available to guide you towards diversifying your practice and offer a marketing strategy to keep your pharmacy on the forefront of the industry by identifying new opportunities for your business. Additionally, each training session will include legal and regulatory updates to help your pharmacy be compliant with the latest regulations. Contact us today to learn more about how a CPCSI membership can help your pharmacy.

Freedom Five Star Advantage

When you become a customer of Freedom Pharmaceuticals, you will immediately experience our five star advantage:

- **Insurance/Third-Party Support, Guidance, and Consulting:** CPCSI Consulting, a division of Freedom, actively works with compounding pharmacies to establish a solid business foundation.
- **A True Custom Supplier:** Your pharmacy provides customized preparations. Why can't your supplier do the same? At Freedom our product quantities are offered in multiple package size options.
- **No Membership Fees or Contractual Obligations:** Our name speaks for itself. Freedom: The Freedom to Choose. The Freedom to Compound. The Freedom You Deserve.
- **Competitive Pricing:** At Freedom we provide the highest quality pharmaceutical products available, delivered on a consistent and reliable basis, for a fair and reasonable price.
- **First-Class Customer Service:** Freedom customers have direct and immediate access to our team members who are ready to treat you with the professionalism and courtesy you deserve.

Testimonial

"Freedom Pharmaceuticals has made the single most important difference in the success of my business, and I'm grateful for them."

— Dr. Hamid Bakhteyar, Carolina Compounding
