## Company Background

Over its 30 years in the industry, PRS Pharmacy Services, with its NASI affiliate, has grown to be nationally recognized as the “go to” company for retail pharmacies seeking help with a variety of complex and time consuming issues. PRS currently offers the most widely used compliance programs for HIPAA, DMEPOS Accreditation, state-specific Pharmacy Policy & Procedures Manuals and Quality Assurance Programs, plus our new Medicare Audit Survival Guide. The PRS teaching programs, such as Residential Care, for those entering the long term care market, and the PRS Ownership Program, for those buying or opening a new pharmacy, are endorsed by every major pharmacy organization, including FPN. The PRS professional staff, with their expertise in every area of pharmacy and a strong technological component, constantly update the PRS programs and look for innovative ways to assist retail pharmacy owners in achieving and maintaining success.

## Product Overview

PRS can help you turn your pharmacy ideas into a successful business with the PRS Pharmacy Ownership Program. With over three decades of experience and hundreds of on-site retail pharmacy openings, PRS has developed a program using all the best practices for pharmacy ownership. Whether opening a new pharmacy or purchasing an existing pharmacy, our program addresses every step of setting-up, opening and operating a successful pharmacy.

## ■ The Program Covers:

- Fulfillment of State and Federal Requirements
- Personnel Activation
- Third Party Insurance
- Layout and Design
- HBC Enhancements
- Professional, Operational, and Fiscal Standards
- Prescription Pricing Program
- Inventory Control Program
- Marketing Program
- Compliance and Regulatory Programs
- DMEPOS Accreditation
- Pharmacy Monitoring Program
- Pharmacy Acquisition and Ownership Transfer Program

The program is available in two forms. With our Turn-key program, our staff does the work for you. With our online program, you follow our detailed instructions to complete the work quickly and efficiently.

## Ordering Information

Buying an existing pharmacy? Our Pharmacy Acquisition Consulting Program is the way to go.
