## Company Background

Fagron North America's Compounding Essentials Division (Fagron, Inc., B&B Pharmaceuticals, Inc., and Fagron Academy) has been serving the compounding industry for over 60 years combined. We specialize in offering over 65 unique compounding bases and vehicles. Additionally, we offer over 800 active pharmaceutical ingredients, equipment, supplies, and first-rate contemporary compounding education and technical support for compounding pharmacies. Fagron's dedication to quality is achieved through our extensive vendor validation program and commitment to only sourcing from FDA validated suppliers.

## Service Overview: Serving the Compounding Pharmaceutical Market

### ■ Fagron, Inc.

Fagron, Inc. is focused on the optimization and innovation of pharmaceutical compounding. Fagron widens the therapeutic scope of the prescriber to enable tailor-made pharmaceutical care and supports the unique selling point of the pharmacist.

- VAWD accredited distribution facility.
- Trademarks: Innovative concepts, creams, and oral suspensions with over 70 published stability studies.
- Essentials: Pharmaceutical raw materials, equipment, and supplies.

### ■ B&B Pharmaceuticals, Inc.

B&B Pharmaceuticals, Inc. is committed to providing the compounding community with the highest quality compounding ingredients at competitive prices and only the best customer service.

- Specialize in controlled substances, hormones, and other active pharmaceutical ingredients.
- DEA CSOS now available, order CIIs online.
- All CIIs are manufactured in the United States.
- VAWD accreditation in process.

### ■ Fagron Academy

Fagron Academy was created for pharmacy professionals who have a dedication to compounding and a commitment to being the best. Fagron Academy offers comprehensive experiential and lecture-based pharmacy compounding education courses, formulations, and industry related content.

Attend one of our hands-on courses at our state-of-the-art facility in vibrant Miami, or join us at destinations across the U.S. for innovative, lecture-based symposia.

- CE courses at competitive pricing.
- Technologically advanced classroom facilities.
- Visually stimulating laboratory experiences.
- World class ISO-certified clean room.
- No membership required for enrollment.

## Fagron Quality

Over 200,000 customers worldwide have access to over 5,000 high-quality pharmaceutical raw materials and innovative vehicles. As a result of Fagron's global quality and R&D efforts, we have a unique position which makes it attractive to pharmacies, hospitals, and the pharmaceutical industry.

Fagron has sourcing offices in South America, North America, Europe, and Asia, enabling Fagron to source its pharmaceutical raw materials globally while operating close to the production sites of pharmaceutical raw materials. On-site producer audits, (re) qualifications and regular performance assessments guarantee continuous control of Fagron's product portfolio.

## Fagron R&D

We believe R&D never ends. Fagron's innovative bases and vehicles are developed in our R&D center in St. Paul, MN. We continuously perform scientific studies (e.g. stability, absorption) on our vehicles with commonly prescribed active pharmaceutical ingredients (APIs). The results are regularly published in peer-reviewed journals and are available on the Fagron website.
