

KL1 Tablet Counter by Kirby Lester

Eliminate hand-counting with the new KL1, Kirby Lester's smallest, fastest tablet counter. Just 6" x 12", the KL1 fits any workspace and counts almost any tablet or capsule quickly and accurately. The KL1 quickly pays for itself by helping you avoid overcounts and undercounts, and speeds up dispensing dramatically.

Company Background

Kirby Lester is by far the world's leading pharmacy automation provider. Kirby Lester maintains the largest market share of automatic tablet/capsule counter sales in 40+ countries. Over 40,000 customers worldwide rely on Kirby Lester for their counting needs. Kirby Lester's full line of technology provides solutions for any pharmacy that seeks fast, accurate and error-free medication dispensing.

Product Overview

The new KL1 is the smallest and most affordable pharmacy counter ever: at just 6 pounds and 6" wide, the KL1 will fit into even the most crowded pharmacy workspace. The KL1 is the ideal tablet counter for any volume pharmacy, and especially helpful for space-constrained facilities. The KL1 includes innovative features such as inventory mode and an ergonomically designed tray. World-renowned Kirby Lester counting technology is inside for always-accurate dispensing. Once you try the KL1, you will never hand-count again.

Features & Options

- World renowned counting technology inside allows the KL1 to count much faster and more accurately than any countertop technology
- Eliminates manual hand-counting and counting errors
- Simple operation: just plug in the KL1 and start dispensing orders
- Fast: counts 15-18 tablets or capsules per second
- Inventory mode: keeps count when the tray is emptied; ideal for 90-day fills
- Ergonomically designed tray for left or right-handed pouring
- Simple cleaning
- Fast operation with no calibration or adjustments needed for different products

Product Specifications

Size: 12.8"H x 12.3"D x 6.2"W
Weight: 6 lb
Counting speed: 15/18 tablets or capsules per second

Testimonials

"If there's any investment you should make in your pharmacy other than a computer system, this has to be the one. Dollar for dollar, for the efficiency and time savings, this device is worth it."

— Steve Munson, R.Ph., The Medicine Shoppe, Sterling, IL

"What used to take me two hours now takes 10 minutes. The KL1 paid for itself immediately."

— Elizabeth Crew, R.Ph., Cotton County Drug, Walters, OK

KL1 Saves Time & Money

- **Study 1:** Using a Kirby Lester counter reduced overall prescription filling times for oral solids by an average of 35 seconds per Rx (study of two Midwest pharmacies).
- **Study 2:** Using a Kirby Lester counter reduced the time needed for a physical inventory by 50-60%, and accuracy was perfect (study of 10 East Coast pharmacies).

Additional Product Lines

Kirby Lester offers more than just a one-size-fits-all box. We provide you with a full line of pharmacy automation to safely and quickly dispense 100% of medications. We help you choose what's exactly right for your pharmacy's unique needs.

- Avoid hand-counting: KL1
- Count and verify every order: KL20
- Automate your top 30 medications and easily handle 90-day fills: KL30
- Fully automate 35-40% or more of your orders for one-half to one-third the cost and floor space of other robots: KL60
