Company Background

We get it! Every day you are being asked to do more with less. You strive to improve service, reduce costs, stand out from the competition, embrace new technology, and motivate/retain your employees. All of this while dealing with increased costs, varying reimbursements, legislative hurdles, rapid consolidation in the industry, and fluid compliance requirements. Now, more than ever, it's hard to stand apart from the competition and position your pharmacy for success.

Service Overview

While we can't help with everything, we can help you get more out of your delivery dollar. STALLION EXPRESS designs delivery solutions that improve your LTC, or retail pharmacy's ability, to keep great customers and get new ones! We use our delivery processes, technology, continuous improvement, and industry experience to help position your pharmacy at the leading edge of your industry. We do this at pricing levels that are extremely competitive, yet fiscally responsible.

Features & Options

■ What Sets Us Apart

- Our lean organization and technology centric business model means we save, so you save.
- An explicit "culture of care". We respect and appreciate our delivery specialists which manifests in a culture of appreciation for our pharmacies, their customers, and patients.
- Industry leading pharmacy protections through insurance coverage, process disciplines, and legal structuring.
- The flexibility to integrate with almost any pharmacy information system in both the LTC and retail setting.
- A commitment to providing rapid, real, and relevant business information and analytics, using robust BI tools and regular "one-on-one" interactions.

Our Services

- Custom LTC and retail pharmacy delivery program design and execution.
- Same day and next day, local and regional delivery services.
- Free Audit of your current delivery program solution.

- STAT and other time sensitive medicine and equipment delivery.
- Med cart delivery and repair.
- Process consulting for delivery staging, work-flow, and technology.

Testimonials

"STALLION EXPRESS has been a prime example of how to handle a LTC pharmacy account. They have gone beyond being a contractor and become a partner to our pharmacy in servicing our LTC clients. I am confident that the team at STALLION will continue to enable our pharmacy to grow and expand our reach in the LTC market."

— Regional Director Of Pharmacy Operations, Multi-Regional Pharmacy

"I would just like to take a moment to thank driver, Henry, he has gone above and beyond and follows every protocol exactly. I am so appreciative, and would like to thank him and STALLION for this continued assistance and cooperation."

— Registered Nurse, Skilled Nursing Facility

"I have worked as a subcontractor in the home delivery industry for the past few years and working at STALLION EXPRESS has been one of the best experiences that I have had. There is a very comfortable feel here at STALLION EXPRESS from the delivery people to the pharmacy technicians and even the nursing staff members that we meet daily, I have received nothing but the friendliest welcome everywhere that I have been. The people here at STALLION are more helpful and accommodating than at other companies and that in itself creates a much more pleasant work environment. I am looking forward to a long term working relationship with STALLION and plan to expand along with this company in every way that I can."

— R. Johnson, Delivery Contractor
