Transaction Data Systems

## Company Background

For more than four decades, TDS has been dedicated solely to the success of community pharmacy. Today, over half of all community pharmacies utilize our software for their prescription filling/management needs. With systems in all 50 states, ranging from Alaska to Hawaii and down to the Virgin Islands, TDS (Rx30/Computer-Rx) is the unquestioned leader in pharmacy management software. Unlike other pharmacy software companies, TDS focuses on the full daily business of running a pharmacy – everything from filling prescriptions and managing inventory to bringing you clinical opportunities to drive revenue, critical analytics for your business, management tools, and more.

## Product Overview

■ **Computer-Rx** is our Windows-based platform offering an easy-to-use interface and robust tools for pharmacy management, pharmacy point-of-sale, delivery, and centralized pharmacy management. The Computer-Rx platform is a one-size-fits-all solution, easily scalable to fit the demands of any independent pharmacy. Computer-Rx solutions offer dynamic reporting tools and easy claim reconciliation. Inventory management is made easy with EDI ordering and receiving through seamless integrations with all major wholesalers and dozens of regional wholesalers. Using Computer-Rx, patient care is taken to the next level with innovative, integrated clinical solutions available only to TDS pharmacies.

■ **Rx30** is our Linux-based software solution, providing a robust, easy-to-learn management platform, point-of-sale software, and central management solution. Rx30 solutions offer multiple applications available to pharmacies and their patients to make managing patient medication regimens easy and interactive. The Rx30 platform offers fully automated e-scripts, revenue opportunities through innovative clinical solutions, and 80+ integration partners. Whether your focus is an independent retail pharmacy, small retail chain pharmacy, nursing home, nursing home consulting, compounding, or IV processing, we have all the tools to make your job easier!
