Company Background

Since 1978, Health Care Logistics has been a health care industry leader who specializes in manufacturing, packaging and distributing unique and hard-to-find products. In addition to the 10,000+ products available in HCL's inventory, the company provides free search and development services for non-inventory items. HCL offers small product quantities and has no minimum order requirements. Visit HCL online at GoHCL.com or call (800) 848-1633 to speak live with HCL's friendly, knowledgeable customer service staff, from 8 a.m. to 8 p.m. Eastern Time Monday through Friday.

Features & Options

- Allows user to perform finished preparation release checks for purity and quality.
- Physical inspection of the compounded sterile product (CSP) is achieved against lighted White and Black backgrounds for evidence of visible particulates of foreign matter.
- Check for precipitates, flocculation, undissolved substances, solvent impurities, and caramelization.
- Inspect for particulate from packaging components, environmental contaminants, processing and people.
- Visualize floaters, rubber coring, and other particulate matter such as glass, lint, fiber, hair, and skin.
- Monitor other aspects of the preparation such as color, visual signs of microbial growth and/or leaching of plasticizers.
- Assists in meeting ASHP Guidelines for Quality Assurance for Pharmacy-Prepared Sterile Products and Minimum Standards for Home Care Pharmacies.
- A smart choice for USP <797> compliance!

- Compact size is ideal for areas with limited wall mount space or where preferred use is on a countertop or workstation.
- 4" (102mm) diameter, 4X magnifying glass allows for close visual inspection. Quiet flexible arm permits easy movement.
- Consists of one Black UV and one White fluorescent light. Lights include 15W bulbs and a 5 feet cord.
- One 110V wall outlet is needed for operation. Both lights are individually operated by turning on easy to access switches.
- Pre-drilled mounting holes.

Additional Product Modules

HCL stocks more than 7,000 "unique and hard to find" items, such as boxes, bins, security seals, compounding and dispensing products, custom labels, and magnets, custom cabinets and storage, custom design foam, and unit dose packaging supplies. The company does not handle drugs or medications.

Markets Served

Health Care Logistics provides an extensive offering of unique and hard-to-find items to hospitals, pharmacies, wholesalers, surgery centers, long term care facilities, correctional facilities, outpatient clinics as well as other markets in the healthcare industry.
