

Simplifying quality validation: Pharmacy's path to value-based care.

The Compliance Team's Exemplary Provider® accreditation program for Community Pharmacy is designed to set-in-place a simplified quality validation process that adapts to any pharmacy business model; no matter if it's a small locally-owned independent, or a full-spectrum chain of stores.

Medicare approved to accredit all Part B—DMEPOS providers since 2006, our industry leading accreditation process is the first to feature operations-based plain language quality standards as well as include expert mentoring, access to hundreds of document templates, and a subscription to our Patient Quality Measurement™; the nation's oldest satisfaction

reporting and benchmarking database service.

The Compliance Team is also the only national pharmacy accreditation organization to offer tracks for Compounding, Infusion, Specialty Drug, Travel/ Retail Clinic, Long-term Care, Telepharmacy™, Chronic Care Management (CCM), and Diabetes Self-Management Training (DSMT); topped off with our Patient-Centered Pharmacy Home™ accreditation program for advanced Rx practices.

For more details, call us at 215 654 9110 or visit our web site: TheComplianceTeam.org.

*The Compliance Team, Inc. is approved by the Centers for Medicare and Medicaid Services to accredit Part A-Rural Health Clinic, Patient-Centered Medical Home, and Part B-DMEPOS providers.
