by: Acute Care Pharmaceuticals

## USP <797> & USP <800> Disinfectants and Cleaners

### Validated Sterile 70% Alcohol

Pharma-Hol™ is a 70% IPA / 30% USP WFI cleaner / disinfectant that is validated sterile and is available in 16 oz and 32 oz bottles and gallon containers. Sterile alcohol is the only disinfectant mentioned in the USP <797> regulation. Pharma-Hol™ removes many surface contaminants and can be used for disinfecting gloved hands, vials, counter tops, glove boxes and more.

### Sterile Quaternary Ammonium

Pharma-D Surface Disinfectant™ is an EPA registered, validated sterile, cleaner / disinfectant / virucide / fungicide that is available in 16 oz RTU spray bottles. Pharma-D™ is a quaternary ammonium designed to remove surface contaminants & disinfect hard, non-porous surface areas. It can be used as an additional disinfectant in rotation with Pharma-Hol™ in your cleanroom, glove box, or compounding areas.

### Sporicidal Disinfectant Cleaner

DIFF-INFLICT™ is an EPA registered, RTU, sporicidal disinfectant cleaner. It is EPA registered to kill C. diff spores in 4 minutes. 1 minute contact time effective against a broad spectrum of pathogens including bacteria, antibiotic resistant bacteria, viruses, and fungi. Superior cleaning strength with fresh, clean scent.
