

Is Your Patient Pregnant? Or Breastfeeding? YOU have questions... WE have answers.

OTIS (Organization of Teratology Information Specialists) is a North American non-profit that provides education about the effects of exposures during pregnancy and breastfeeding, and conducts relevant research. Let OTIS counselors provide you or your patient with **FREE** up-to-date, evidence-based information.

Here are a few questions your patient may have...

- I'm 8 weeks pregnant, what are the risks involved with taking my antidepressant?
- I had the HPV vaccine and recently found out I was pregnant. Should I be concerned?
- Can I take my asthma medication while breastfeeding?

We're here to support you and your patients!
