Ease the process.
# Increase the care.

You ✚

Paladin Point of Sale for Rx Processing and OTC Inventory

Paladin helps ease Rx processing with **single-point checkout** and makes OTC inventory control a breeze – freeing you up to address patient care needs without sacrificing efficiency and profitability.

With Paladin you'll get a consolidated point-of-sale process, spend less time on OTC inventory management, and get **unsurpassed US-based customer support.**

✚ Compliance adherence
✚ Wholesaler integrations
✚ Prescription status report
✚ OTC inventory management tools
✚ 100% SIGIS-certified and NPLEx integrated

"

"With so many regulations and requirements involved, Paladin POS made everything simple and effortless."

Michael Welsch
Miller's Pharmacy, West Henrietta, New York

Paladin integrates with many of the leading Rx Management Systems.
