

From Walls to Counters to Rooms

We Do It All!

Modular and High Density

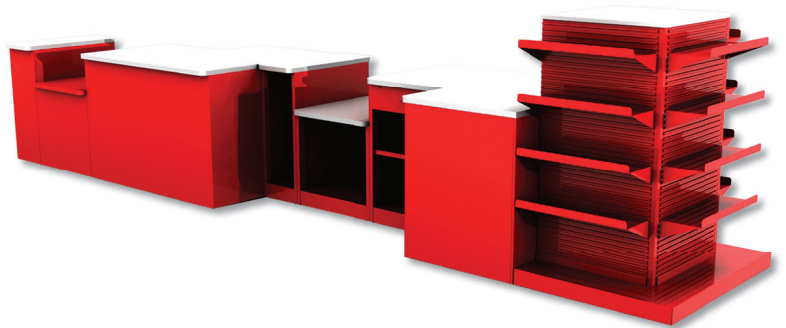

For over 50 years, Uniweb, Inc. has manufactured domestically delivering durable products in weeks - not months.

Uniweb has proven to increase inventory capacity by 30% and reduce project costs by 15-20% over conventional millwork solutions. Designed with fewer components and engineered with tight tolerances, Uniweb products are high density, will not rip or tear, and exceed stringent UL standards.

PreWired

Rooms & Counters:
UL listed, engineered, and factory built. All connecting cables provided.

Electrical outlets per your specification; regular, ISO, utility, clean, dedicated.

Future Ready

Need more space or a change in operations layout? You are not locked into your original design.

Room sizes, counter run configurations, and accessories are **unlimited!**

UNIWEB®

We Create **New Space**
