

**CERVEY**

# BE CERTAIN, **WITH CERVEY.**

## 340B SOLUTIONS

Cervey's 340B suite of web-based products helps 340B split bill and contract pharmacies manage the complexities of 340B. Be HRSA audit ready at the click of a button, manage multiple facilities with our Group Dashboard, empower your buyers with Split Preview, and eliminate the frustration of managing master NDCs.

Our TPA team of ACE-certified experts will take a consultative approach to help streamline your 340B program and meet your needs.

## SPECIALTY

Cervey's Specialty Pharmacy software is designed precisely for hospital operated specialty pharmacies – streamlining pharmacy operations and patient management.

Elevate the efficiency of your pharmacy by identifying potential patients while optimizing staff workflow and data collection. Manage opportunities, customize assessment documentation, utilize benefit investigation, preadjudicate test claims and simplify using system integration.

**Service, not just software.**

Cervey's customer support is always there. It's a 100% real person, who is not outsourced, with real answers to your questions.
