NEW Tamper-Clear
Syringe Seal®

- Sterile & Paper Free (USP 797 Compliant).
- Maintains a 100% sterile barrier* with 3X greater adhesion.
- Helps prevent contamination of drugs and provides added protection to pharmacists.
- Will not fall off, even in cold storage conditions (down to -20 degrees centigrade).
- Patented dual-layer indicates true tamper-evidence, with "OPENED" marking.
- Cost-effective, allows pharmacy to recycle medication and protects patients from dosing errors.
- Dispensing and application training videos available on our website to help with JCAHO training.
- Available in major wholesalers and distributors.

*Tested in Nelson Labs, Salt Lake City, UT
