

Let's Face It...

The way your customers communicate is changing... Quickly!

Android and iPhone users... Your customers can instantly download Rx30's Free 'RefillRx Mobile' App today from the Apple App Store or Android Market. It's as simple as taking a touch free picture of the medication bottle or entering their prescription number... and into the queue it goes!

Prefer the internet? Within seconds, your customers can link to your pharmacy and view/refill their prescriptions using Rx30's all new RefillRx.com website... Your website for your customers!

www.RefillRx.com

Best of all....It's all **FREE** for you **AND** your Customers!
