

# Safeguard Your Community

## It's Time To Protect What Matters Most.

With the right tools in place, your organization can take significant steps towards advancing community health, addressing the opioid crisis, and positively impacting the environment.

### SafeDrop™ Sharps Mail Back Containers

By providing your employees, patients, and community neighbors with a safe and convenient way to dispose of used sharps, you help reduce the risk of injury or misuse and protect the environment.

### MedDrop™ Drug Collection Kiosks

These versatile and secure medication collection kiosks can be placed within pharmacies, hospitals, and law enforcement agencies to ensure a safe and convenient way for consumers (including employees) to dispose of unused medications.

### Seal&Send™ Medication Envelopes

By instituting compliant, safe, convenient, and anonymous prescription drug disposal mail back solutions, you actively demonstrate your organization's commitment to public health protection and environmental stewardship.
