

Learn new skills with readiness courses.

Preparing students, practitioners, and professionals for the future of pharmacy.

For Learners

For Pharmacies

For Pharmacy Schools

For Business

COREreadiness allows pharmacies to proactively train incoming students and staff to help build confidence, professional skills, and market knowledge.

Decrease the training burdens on your preceptors by building and sharing custom Learning Paths for IPPE and APPE students with niche courses focused on the issues and skills required for your specific pharmacy setting.
