Why Choose Capital for Your Pharmaceutical Inventory Needs?

- Teams of experts conduct the inventory within a few hours.
- Eliminate the need for overtime or coordination of staffing to accommodate inventory process.
- Teams conduct pharmacy inventories daily, not annually.
- Teams work seamlessly around the pharmacy staff ensuring that the "snapshot" is a true representation of the inventory on-hand.
- Minimal interruption to the pharmacy staff and operations.
- Competent inventory specialists that can work with finance and/or external audit firms to validate the inventory.
- Collaboration with the pharmacy to provide an accurate report in a timely manner.
- Expert valuation and pricing of the inventory by an independent party.
