

A low-cost solution to promote adherence

Medication nonadherence for patients with chronic diseases is extremely common, affecting as many as 40% to 50% of patients who are prescribed medications for management of chronic conditions such as diabetes or hypertension.¹

Dispill®-USA Packaging offers:

- Minimal start-up costs
- Customizable packaging that fits the unique needs of your patients
- Free downloadable software package interfaces with most pharmacy systems
- Available to all pharmacies. You may order Dispill®-USA Packaging, available exclusively through Cardinal Health, regardless of your primary distributor affiliation.
