When it's important to . . .
*Get the **RIGHT** amount,*
*Of the **RIGHT** drug,*
*To the **RIGHT** person*

eyecon®
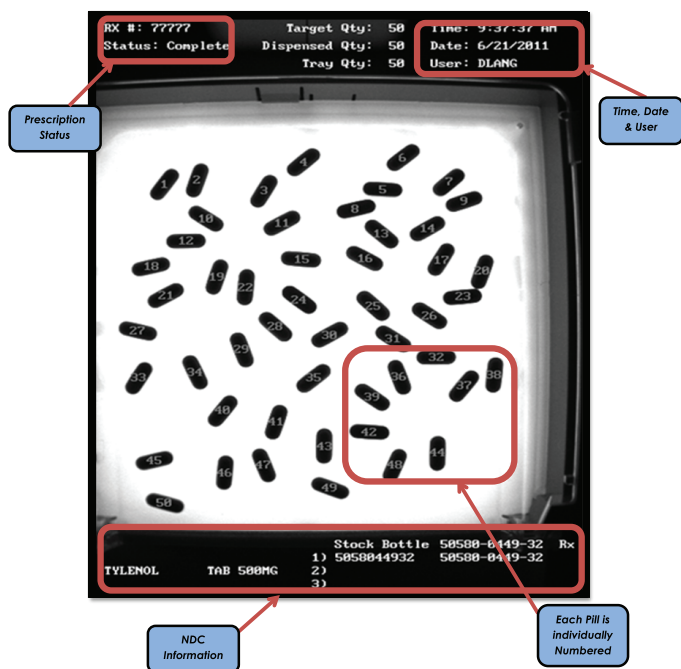

Distributed By:
Rx SYSTEMS INC

99.99% accuracy

Validates that the proper NDC is being dispensed.

Interfaces with a variety of software systems.

Complements robotic dispensers for quick double counts.

Assists with Inventory.

Prescription Status

Time, Date & User

NDC Information

Each Pill is individually Numbered

Besides providing peace of mind, the Eyecon validation mode also captures a photo of the pills that is saved by the prescription number.

Eyecon in Action

Get a sense of the true speed of Eyecon counting by viewing a testimonial video. The video shows an experienced operator using Eyecon to fill prescriptions, as well as an interview with the pharmacy owner.
