

Enhance Pharmacy Efficiency with Unit Dose Plus™!

Pharmacy Unit Dose Plus is a new line of lower-count size, difficult-to-find unit dose products available only from American Health Packaging.

As the market leader in oral solid unit dose, we know that in-house packaging tasks take valuable time away from core patient-care responsibilities. Our prepackaged unit dose products provide great efficiency to your pharmacy operations. Packaged in a cGMP facility, you can rest assured they are packaged correctly and the barcodes will scan easily as intended. In addition, smaller pack sizes will aid you by avoiding both waste and returns.
