

# White Glove Service

## Fagron's White Glove Service - Your Key to Success!

Fagron has been in the business of helping compounding pharmacies for 36 years. Fagron offers personal, white glove service to each customer. We carry all the ingredients and supplies necessary for your compounding needs and offer free professional support to our customers. We provide answers

to questions about stability, solubility, and formulations, as well as start-up consultation from experienced pharmacists who have owned and operated their own compounding pharmacies. There are no membership fees and no minimum order quantities.

Additionally, Fagron offers classes on extemporaneous compounding and aseptic technique. So whether you are just beginning or are an advanced compounder, Fagron will work with you to help your pharmacy provide the best patient care possible. Contact us at (800) 423-6967 for your key to success.
