

# The All-in-One Answer

Resolving ineligible 340B discounts can be a time-consuming challenge. That's why Apexus has standardized the manufacturer refund process with an all-in-one solution.

## Your Refund Challenges

Historical drug pricing information is difficult to find.

Manufacturer refund contacts are often not publicly available.

Refunds are not governed by a statutorily defined process.

## Your Streamlined Solution

Be prepared when an ineligible 340B discount occurs. Apexus CRS streamlines the refund resolution process to save time, increase efficiency, and ensure accuracy. Our solution provides a best-practice approach built on three assets:

**Manufacturer Contacts**

**Historical Pricing**

**Standardized Documentation**

Communications templates and project documentation tools to standardize the refund offer and approval process.
