

MOBILE PHARMACY COMPOUNDING CLEANROOMS

MDI Mobile Cleanrooms and Cleanroom Design LLC have combined our expertise and partnered to create a new industry leading joint venture focused on providing USP797 & USP800 compliant Mobile Pharmacy Compounding Cleanrooms. We offer the largest most state-of-the-art and highest quality engineered mobile cleanrooms in the industry, with additional safety measures including an airlock entry, redundant hazardous exhaust and a fully automated cloud-based control and monitoring system.
