

**INTRODUCING**

**2 NEW  
MULTI-DOSE  
PACKAGING  
MACHINES**

# AXIAL<sup>®</sup>

## MULTI-DOSE PACKAGER

- Next generation multi/unit-dose packaging technology (two models: 144 and 352 canister machines)
- New rotary design provides a small footprint (2' x 2' or 2' x 4') and front loading
- Fast packaging speeds: up to 65 per minute
- Package and refill canisters at the same time
- RFID "Smart" canisters allow for placement anywhere
- Built-in dehumidifier
- Easy to clean
- Quiet operation
